

Show us who you are

Deadline: 25.4.2021

Points: 10

Material requirements:: Laptop, (Mobilphone-)camera

Topic description

We hope that you will have fun with our tasks in the next weeks and maybe you will be our winners in the end!

But right now, you are just at the beginning of this journey and we would like to get to know you a little bit.

You've just formed a team, maybe you've known each other for many years, or maybe you've just gotten together for this contest and are still having trouble remembering each other's first names... it doesn't matter - you'll get through this contest much easier if you work well together as a team.

Task description

- **Show us who you are**

Create a video introducing yourself - show us who you are, what you like to do and where your strengths lie. Be creative, let loose and have fun! You can use video editing and all the "tricks" in this task.

Evaluation criteria

- Jury evaluation: The jury evaluates the quality and creativity of the submission.
